OHT Seeks Input from Medicaid Waiver Recipients and Medicare/ Medicaid Eligible Beneficiaries

Ohio Medicaid recently released concept papers on how to [Integrate Medicare and Medicaid Benefits](#) and [Expand and Streamline Medicaid Home- and Community-Based Services](#). The concept papers are for discussion, input and testing and are not finished products. Input from consumers and family caregivers is essential to the process and will be used to develop the final proposals that Ohio will submit to the federal Centers for Medicare and Medicaid Services.

Consumer and Family Caregiver Online Questionnaire

Ohioans receiving both Medicare and Medicaid or enrolled in a Medicaid home- and community-based services (HCBS) waiver program are invited to [complete this online questionnaire](#). The purpose of the questionnaire is to better understand what services Ohioans are receiving today, how well those services are coordinated, and what additional services are needed to maintain or improve health and quality of life.
